

GOOGLE'S 3D ANIMALS!

Little Tikes wants to see your 3D animal photos!

Have you seen Google's 3D Animal AR filters? Aren't they amazing?
What a cool activity to do with the kids, to teach them all about
animals and have some fun along the way!

How to use the filters:

- 1 Search for your favourite animal on Google using a smartphone or tablet
- 2 Scroll down the results until you find "Meet a life-sized [animal] up close."
You should see an animation of the animal next to it
- 3 Click on the "view in 3D" button
- 4 Move your phone around to activate the filter which should pop out
- 5 Voila! Get experimenting with all sorts of fun and clever photos featuring
your favourite animals.

Our followers have been having lots of
fun with these cool filters.

We'd love for you to share your photos with us,
simply upload to Instagram and tag us
[@officiallittletikesuk](#)

We regularly share customers photos, and run
exciting competitions & giveaways on our
Instagram channels so why not come over and
get involved?
