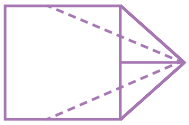
COLOUR IN AND MAKE PAPER AEROPLANES!

Paper aeroplanes are heaps of fun to make! But how far will yours fly? Follow our easy step-by-step guide to create your own and find out! Using the template, colour in your paper aeroplane first, or you could even design your own!

Fold the piece of paper in half lengthways.

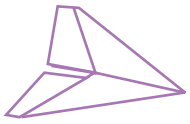
Bend the top corners, toward the crease so they meet in the centre.



Fold the outer edges in again to meet at the centre fold.

Fold the paper in half along the vertical crease you made in step 1.

Fold down the edges on each side to make wings.



Your plane is ready to fly! See how far it will go!
